## Cure Headache Pain With 7 Natural Remedies

If you suffer from headaches, try a natural remedy before turning to prescription or over-the-counter drugs. Traditional medicine can cause unwanted side effects for many people, which is why alternative, natural methods are gaining in popularity. Talk to your doctor about using these seven natural headache remedies:

1. **Magnesium:** Sometimes migraine sufferers have been found to be deficient in magnesium. Magnesium is found in dark green vegetables, nuts, and seeds. In tablet form, 400 to 600 milligrams each day may help reduce headache frequency.
2. **Butterbur:** This herb has been shown to help prevent headache attacks because of its anti-inflammatory properties. Take 75 milligrams each day.
3. **Ginger:** This herb has been used for thousands of years in India. New research indicates that it reduces inflammation in small blood vessels, including ones in the brain. Try infusing a tea with fresh ginger root from the produce department or from dried powder.
4. **Riboflavin (Vitamin B2):** Studies show Vitamin B can correct small deficiencies in brain-cells. Get more riboflavin by eating leafy green vegetables, dairy products, beans, almonds, mushrooms, or tomatoes.
5. **Sunshine:** The Vitamin D produced when you spend time out in the sun seems to affect the way you perceive pain. If you don't get enough time outdoors, try taking a 2,000 milligram tablet daily.
6. **Rosemary:** The soothing smell of rosemary tea can help you relax and relieve head tension. Infuse 1 to 2 teaspoons of dried herb in a cup. Also, use rosemary oil to massage into your temples for headache relief.
7. **Valerian:** Although the smell is rather unpleasant, this herb has been used since the Middle Ages to relieve pain and relax the body. It also promotes good sleep. Buy it where vitamins and supplements are sold.

## Word of the Month...

Studies have shown your income and wealth are directly related to the size and depth of your vocabulary. Here is this month's word, so you can impress your friends (and maybe even fatten your wallet!)

**Dystopia:** (dis-toh-pee-uh) noun

**Meaning:** A community showing human misery, oppression or disease.

**Sample Sentence:** The dystopia in the book and movie *The Hunger Games* makes me uncomfortable.

## 2 Non-Driving Car Dangers

### DANGER #1: Trunk Entrapment.

In summer months, children can die if they are trapped inside the car trunk. When you leave your car, lock the doors so kids can't pop the trunk or get in through the fold-down seats. Since 2001, car manufacturers have included an emergency trunk release. Older cars can be retrofitted with an inexpensive kit at [www.ablelocksmiths.com](http://www.ablelocksmiths.com).

### DANGER #2: Service Station Fires.

Static electricity mixed with gasoline vapors can ignite a fire. The Petroleum Equipment Institute warns that starting to pump gas, followed by getting in and out of the car, and then touching the gas nozzle is a common way to ignite a fire. See a video at [www.pei.org/static](http://www.pei.org/static).

If you get in and out of the car while the gas is pumping, touch metal on the outside of your car to discharge any potential static electricity. If a fire starts while fueling, don't try to remove the nozzle. Call for help.

## Quotes To Live By...

Real knowledge is to know the extent of one's ignorance.

óConfucius

Procrastination is the bad habit of putting off until the day after tomorrow what should have been done the day before yesterday.

óNapoleon Hill

We are what we repeatedly do. Excellence is not an act, but a habit.

óAristotle

# Find Important Papers Quickly

When disaster strikes, it's no time to be hunting for your important papers. To have everything protected and available when you need it, use these:

- **Safety Deposit Box.** Put important documents related to your finances and health away from where you live to avoid the risk of fire or theft. Here's a list: personal records like birth certificates, adoption papers, marriage and divorce certificates, tax returns, property information including deed and mortgage to your house, title to your vehicles, investment records, and household inventory.
- **A Home Safe.** Sensitive information you may need quickly and unexpectedly can be stored at your house, but under lock and key. Store insurance policies, lists of emergency contacts, copies of credit cards (front and back), and personal valuables.
- **With Your Attorney.** Legal documents like wills, powers of attorney, and trust documents should be easily accessible and never be put in a safety deposit box where access can be limited when the owner dies.

**Visit museums on free days:** Most museums have one day each week without admission fees. It may be a little more crowded but still have fun.

**Win a radio giveaway:** Radio stations get free event tickets in exchange for exposure to their listeners. Program your favorite station's number into your phone so you can quickly claim tickets.

## Brain Teaser...

Name three consecutive days of the week without using the words Monday, Wednesday or Saturday.

*(See page 4 for the answer.)*

## Who Survived?

Nine men and one woman were hanging on a rope under a helicopter. The rope wasn't strong enough to carry them all so they decided one had to drop off.

The woman made a touching speech saying she would let go of the rope because, as a woman, she was used to giving up everything for her husband and kids, and for men in general without ever getting anything in return.

As soon as she finished her speech, all the men started clapping their hands!

## Make A Giving Plan

Giving regular gifts to your family is an effective estate planning strategy and can save up to 50 percent in estate taxes. But if you are too generous at any one time, you may have to pay a gift tax. Currently, the IRS lets you give up to \$13,000 each year without being taxed. Spread out your gifts over time to reduce taxes now and then.

## Watch For Disappearing Credit Card Rewards

It is common for credit card issuers to reduce or eliminate accrued rewards as a penalty for late payments. All the airline miles you have earned may be canceled in a period when a late fee has been assessed. Terms and conditions may change at any time. Read the mailings from your creditors about policy updates and look for reward forfeit clauses. If you see this, make sure to pay that credit card bill on time to protect your rewards!

## Secretly Do Yoga At Work

A crazy day at the office may make you wish you were at your favorite yoga studio. Take some time to try this **“Do Nothing Posture”**...

1. Find a straight-backed chair in the quietest place you have available.
2. Sit with feet and knees together and the soles of your feet flat.
3. Straighten your back against the back of the chair, with your head in line with your spine.
4. Rest the palms of your hands gently on your thighs just above your knees.
5. Sit tall, but relaxed, not rigid.
6. Close your eyes or focus on a spot in front of you with your head erect.
7. Breathe through your nose with deep, slow, even breaths.
8. Stay in this position as long as you can. 20 minutes is ideal; 5 minutes is realistic. Just one minute can still help calm the madness.

## Real Estate Corner...

**Q. How do I make my home stand out in the market without spending much money?**

**A.** If you want to get offers from buyers, make a great first impression by improving these potential turn-offs:

- **Messy Landscaping:** Buyers are looking for curb appeal. Take the time to clean up an overgrown yard.
- **Nasty Odors:** You may not smell some odors in your home because you've become desensitized to them. Ask your REALTOR<sup>®</sup> if there are odors (smoke, pet odors) and how you can get rid of them.
- **Too Much Clutter:** Pack away any items like excess furniture, personal pictures and nick-knacks. They make your rooms look smaller and distract the buyer from really seeing the house itself.
- **Old Paint:** A fresh coat of neutral-colored paint is a low-cost way to make your rooms look new and fresh.

You can learn more about these and 40 more tips in my Free Consumer Report called **“44 Money Making Tips For Preparing Your Home To Sell.”** Just ask me for a copy for yourself or a friend, and I'll send it right over.
